## Boo's Views

We are excited to announce that we have confirmed an opening date of August 2020 for the new EDS Middle and Upper School campus. Even though we should be finished with the campus around April 2020, we can use that extra time to begin introducing the campus to prospective families and students, and even run summer camps out there that year. Giving ourselves a little extra time allows us to have a finished campus complete with beautiful landscaping and a filled lake.

Our building committee is making great progress in “value-engineering” the project (i.e. finding cost-saving measures), but feel if they had more time, they could find even more value in the design phase. We want to be sure we can live up to our promises. Rushing a project like this generally leads to bigger mistakes and greater costs.

As this year and next progresses, please think about camps and activities that we can plan for the new campus. We are open to suggestions and want to be ready to show off our new facility.

Thank you so much for all your support. Your generosity has helped us reach this momentous turning point and we are so excited for the promising future of Bishop Noland Episcopal Day School.
